Camp Jubilee – Assistant Coordinator (High Ropes and Rock Climbing)

For the upcoming 2022 season we are hoping to have a strong group of assistant coordinators who will be responsible for working with the Program Coordinator to administer a specific section of the camp operation. Assistant Coordinators will ideally spend approximately half of their work week hosting a group on site and tending to their coordinating duties, and spend the other half in program leading activities.

Camp Jubilee is fortunate to be able to provide fun and exciting ropes course activities to our guests. Our High Ropes and Rock Climbing courses run through our entire season and see most guest groups booking both activities. The Assistant Coordinator (High Ropes and Rock Climbing) will be responsible for overseeing both activities to ensure that they are being executed in a fun, friendly, and professional manner and adhering to the BC Camping Standards for such activities where applicable.

Coordinating this area would involve guiding staff to lead the ropes course activities to the best of their abilities and giving feedback where applicable, ensuring that equipment is well maintained and that any broken equipment is noted and either repaired or replaced, and appropriately completing any required paperwork for the ropes course activities.

The duties of this role will be performed while hosting a group on site. Each group that comes to Camp Jubilee is assigned a host to be their primary point of contact with the camp staff and to keep their itinerary organized and on track. The host will typically be with their group for a Monday-Wednesday or Wednesday-Friday booking. During those days hosts will usually have 4-5 hours of administration time while the guests are at their activities.

During most weeks the Assistant Coordinator will instruct activities on the days which they are not hosting a group. It would be most ideal for the person in this role to be leading ropes course activities as often as practical during this time. This means that this position requires a successful applicants to receive their Level 2 belay certification during our annual ropes course training.

Sampling of Responsibilities:

- Ensure ropes course activities are being led by instructors in a safe, fun, and professional manner.
- Monitor ropes course equipment to keep it in working order and repair/replace broken equipment
- Complete any required paperwork for the ropes course department
- Provide guidance and feedback to staff with regards to our climbing activities.
- Lead high ropes and rock climbing rotations as the Level 2 supervisor on the course
- Host groups in a friendly and professional manner
- Instruct activities in a safe, fun, and educational manner
- Participate in manual labour work when needed. (Shifting kayaks, food order, site preparation, etc....)
